TRUSTEE'S PRELIMINARY REPORT TO CREDITORS

BACKGROUND

Tercon Mining PV Ltd. (“Tercon Mining” or the “Company”) was incorporated on November 28, 2005 and operates as a mining services contractor supplying employment services to Falls Mountain Coal Inc. (“Falls Mountain”) who operated the Willow Creek mine, a metallurgical coal mine located near Chetwynd, British Columbia. Tercon Mining employed approximately 100 miners and equipment operators at the Willow Creek mine.

On October 20, 2006, Falls Mountain and its related companies filed for, and obtained, protection from their creditors under the *Companies Creditors Arrangement Act* (“CCAA”)(hereinafter referred to as the “CCAA proceedings”). At the date of the CCAA filing, Tercon Mining was owed approximately \$8.9 million from Falls Mountain for mining services rendered. As a result of the CCAA proceedings, Tercon Mining had no cash flow and therefore no ability to pay its creditors. Tercon Mining then sought protection from its own creditors by filing a Notice of Intention to Make a Proposal under the *Bankruptcy & Insolvency Act*.

Tercon Mining had entered an interim Coal Mining Services Agreement with Falls Mountain. The parties agreed that should the agreement be terminated, Tercon Mining shall be entitled to payment for all work completed plus a “break fee” of \$4,500,000. The break fee amount is an agreed upon pre-estimate of losses for demobilization and related costs that Tercon Mining would incur in the event of a termination of the contract. The contract has been terminated and Tercon is entitled to the break fee.

As a result of the CCAA proceedings of Falls Mountain, Tercon Mining provided lay off notices to its miners and equipment operators and has retained only minimal employees for security and preservation purposes.

Currently the amount owing from Falls Mountain including the break fee is estimated to be approximately \$13.5 million CAD.
- The Proposal calls for the distribution of the recovered proceeds under the CCAA proceedings is set out in paragraph 6 of the Proposal as follows:
 - Secured creditors;
 - Trustee fees and expenses;
 - Employees wage claims pursuant to Section 136 of *the Bankruptcy & Insolvency Act*;
 - Any amounts owing to Canada Revenue Agency subject to demand under Section 224(1.2) of the *Income Tax Act*;
 - All outstanding preferred claims;
 - All unsecured claims will be paid rateably based on their proof of claim except Tercon Investments Ltd. and Tercon MRC Limited;

 - Payment of Tercon MRC Ltd.; and

The Company filed cash flow projections with the Trustee and the Office of the Superintendent of Bankruptcy. The Company has forecast minimal revenues during the restructuring period as the mine is currently shut down pending either a new investor or sale.

ESTIMATED REALIZATION - BANKRUPTCY VS. PROPOSAL

A Statement of Estimated Realization which compares the amount available to the unsecured creditors in both a bankruptcy and proposal scenario is attached as Schedule A to this report. It is inherent in the Statement of Estimated Realization that the amount owing from Falls Mountain be collected in full.

The schedule reflects that all creditors are estimated to be paid in full. It also reflects in a proposal scenario, that Tercon Investments Ltd. and Tercon MRC have deferred their claims in an amount totalling \$1.3 million. Therefore providing the unsecured creditors greater certainty should the amount collected from Falls Mountain be less than 100 cents on the dollar.

TRUSTEE RECOMMENDATION

This is a liquidating proposal that provides creditors with a maximum return, based on the following:

- Receipt of full payment due from Falls Mountain under the CCAA proceedings;
- Deferral of the payment due to Tercon MRC Ltd. and Tercon Investments Ltd. of approximately \$1.3 million dollars which would otherwise rank pari passu with all other unsecured creditors; and
- The funding of the ongoing operational needs on an unsecured basis by the parent company, Tercon Investments Ltd.

Based on the terms of the proposal, the unsecured creditors will be paid in priority to the claims of Tercon Investments Ltd. and Tercon MRC Ltd. As such, should the total

Page 7

amount of funds received from Falls Mountain be up to \$1.3 million less than anticipated, Tercon Mining's creditors will still be paid in full.

The Trustee recommends that the creditors accept the Proposal as the creditors will be better off under the Proposal than in Bankruptcy.

Voting

A meeting of creditors has been scheduled for 11:00 am on December 13, 2006 in the Kent Room, Crowne Plaza- Hotel Georgia, 801 West Georgia Street, Vancouver, BC.

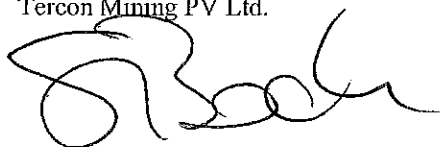

All creditors who have proven their claims prior to the time and date schedule for the first meeting of creditors may vote in favour of accepting the Proposal or vote to refuse the Proposal. In order for the Proposal to be accepted at least 66 2/3 % in dollar value and 50% plus one in number of voting creditors must vote in favour of the Proposal. The proposal must also be approved by the Court.

If the creditors do not approve the Proposal, Tercon Mining will be deemed to have made an assignment in bankruptcy.
